

IRENE'S FAMILY DAY CARE

6 Brougham Street Grafton

8:30am – 5:00pm

Monday - Friday

I provide a nurturing and caring environment where my training and experience helps children to shine. My gentle caring nature is particularly effective at overcoming separation anxiety, quickly establishing a feeling of 'belonging'.

I am an overseas trained primary school teacher, giving me the training and experience to design fun and stimulating learning experiences. My multicultural background helps create a truly inclusive setting where both the ideals of multicultural Australia and beloved Australian traditions are embraced.

Also, as a mother of two (ages 6 & 8) that has recently used day care, I am fully aware of a mothers anxiety when leaving your precious ones in care. At Irene's Family Day Care this is quickly alleviated as most children run to enter in the morning, and need to be coaxed to leave in the afternoon.
